### Wood Screws

Screws with large threads and a smooth shank for pulling two pieces of material together. They can be used in wood and other soft materials.

### Metal Threads (Machine Screws)

Screws with threads for use with a nut or tapped hole.

### Wood Self Tapper

Fully threaded screws with a point for use in wood.

### Self Tapper

Fully threaded screws with a point for use in sheet metal.

## FASTENER CATEGORIES

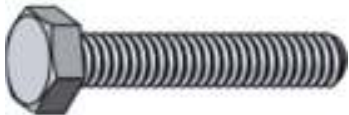

### **Self Drilling Sheet Metal Screw**

A sheet metal screw with a self drilling point.

### **Hex Bolts**

Bolts with a hexagonal head with threads for use with a nut or tapped hole, which is partially threaded.

### **Hex Set Screws**

Set screws with a hexagonal head with threads for use with a nut or tapped hole, which is fully threaded.

### **Cuphead Bolt**

Bolts with a smooth rounded head that has a small square section underneath that pulls into the material to prevent spinning during installation.

## FASTENER CATEGORIES

### Coach Screw

Bolts with a wood thread and pointed tip. Designed to form their own thread in pre-drilled holes in wood. Typically used for wood construction and landscaping.

### Flange Bolts

Flange bolts have a flange on the bottom of the head that distributes the load like a washer.

### Socket Head Cap Screws

Socket head cap screws, also known as Allen head, are fastened with a hex Allen wrench.

### Countersunk Socket Head Screws

Countersunk socket head screws, also known as Allen head, are fastened with a hex Allen wrench.

# FASTENER CATEGORIES

## Eye Bolts

A bolt with a circular ring on the head end. Used for attaching rope or chain.

## Eye Lags

Similar to an eye bolt but with wood threads instead of machine thread.

## U-Bolts

Bolts in U shape for attaching to pipe or other round surfaces.

## Shoulder Bolts

Shoulder bolts (also known as stripper bolts) are used to create a pivot point.

## Lag Screws

Lag screws have wood thread on one end and machine thread on the other end.

## Grub Screws

Grub screws with no head for screwing all the way into threaded holes.
